

Zodiac JXi

High efficiency pool & spa heating

The **JXi Gas Heater** sets a new standard in pool and spa heating technology, with its ultra-compact size, light weight and innovative design, providing the greatest flexibility for the pool owner. Available in 2 sizes 200MJ and 370MJ in both Natural and Propane Gas models.

POOL & SPA HEATER

Key Product Features & Benefits

Energy Efficient

83% thermal efficiency rating and low-NOx design surpasses strict DOE Energy Efficient requirements.

Automation-Ready

Convenience built in. AquaLink/iAquaLink compatible with its RS485 interface.

User-Friendly Control

Digital interface for effortless temperature control and diagnostics with run-time and cycle metre.

Ultra-Compact, Lightweight Design

Fits 61cm x 61cm pad and only weighs 57kg or less.

Flexible Installation

180° rotatable top negates the need for additional plumbing, saving the pool owner money.

Easy Access

Ease of serviceability for your pool technicians when required.

Zodiac lives in the backyards of Australian families, at home in the pool. Zodiac began and continues with a dedication to innovation and new product development, focused on ensuring a better way of life. Our products deliver solutions to take the hassle out of owning a pool. So, all that's left is for you to enjoy it; to enjoy a better life.
